Dear Chemistry I Student's Parent or Guardian,

The purpose of this letter is to verify that both the student and the parent or guardian have read and understood the introductory handout called "Chemistry I Goals and Objectives".

With your consent I am also requesting some voluntary contact information. If at any time you would like to know your student's progress in class it's best to check it online or send me an e-mail and I'll reply, hopefully within 24 hours. You can also call the school and leave me a message if you like, although this is not the best way to get in touch with me and will take longer for a reply than an e-mail.

Please fill out the information requested below and have your student bring this back to class tomorrow.

Thank you!

Sincerely,

Laurel DePalatis

By listing my contact information, I verify that I have read and understood the introductory handout called "Chemistry I Goals and Objectives" and I hereby give my permission for the instructor of Chemistry I to reach me via telephone or e-mail.
